

## INVITATION :

### CATCHING THE INDIAN TIGER:

### RENEWABLE ENERGY AND THE ROLE OF GREEN HYDROGEN

**Date :** Thursday, November 10<sup>th</sup> 2022

**Venue :** Havenhuis, Zaha Hadidplein 1, Antwerp

Dear Madam,  
Dear Sir,

Please join us on Thursday, November 10<sup>th</sup> at one of Belgium's most iconic locations for our 2022 edition of 'Catching the Indian Tiger'!

Recognizing the importance of climate change, India has set itself the target of becoming net-zero by 2070 and by 2030 it wants to meet 50% of its energy requirements with renewable energy. Green Hydrogen will be one of the pillars to achieve this goal.

The Port of Antwerp Bruges plays an essential role in the production and the import of Green Hydrogen and to give us an insight of the opportunities and challenges ahead, we organised a panel discussion between **Alexander Saverys, CEO of CMB**, **Tom Hautekiet, Chief Commercial Officer of Port of Antwerp Bruges** and **Pascal De Buck, CEO of Fluxys**. The discussion will be moderated by **Wouter De Geest, President of VOKA and Board Member of Port of Antwerp Bruges and BICC&I**.
